Dear Editor,

In the article recently published under the title “Brazilian Guidelines for Nutrition in Cystic Fibrosis”, due to our unfortunate omission, one of the collaborators of the “Working Group on Brazilian Guidelines for Nutrition in Cystic Fibrosis” was not included in the text and, therefore, her name was not included in the acknowledgments, like the other members of this group who participated in the elaboration of the technical content of this guideline.

Thus, we would like to acknowledge here the work of the missing collaborator, Luana da Silva Baptista Arpini.

We apologize for the unintentional omission.

Best regards,
The authors
